### PEN OF INSPIRATION

"Encourage Children to Earn Their Own Money—Many a child who lives out of the city can have a little plot of land where he can learn to garden. He can be taught to make this a means of securing money to give to the cause of God. Both boys and girls can engage in this work; and it will, if they are rightly instructed, teach them the value of money and how to economise. It is possible for the children, besides raising money for missionary purposes, to be able to help in buying their own clothes, and they should be encouraged to do this."
